**“No Taxpayer Funding for Abortion Act”**

*Bill will ban federal funding of abortions*

Every year, amendments (like the Hyde amendment) have to be passed to protect taxpayers from funding abortion. This bill makes them permanent conscience protections for health care providers, and bars federal funding of abortions in other countries.

“The comprehensive approach ... ensures that no program or agency is exempt from this important safeguard.”

—Rep. Chris Smith (R-New Jersey)

“To guarantee that taxpayers are never forced to pay for abortions and the innocent unborn are protected, we must make the longstanding ban on federal funding for abortion permanent and government-wide. Protecting the sanctity of life, and preserving the individual’s freedom not to be complicit in any way in abortion, is a matter of principle for me and tens of millions of Americans.”

— Rep. Dan Lipinski (D-Illinois)
