

## **AGENDA 2030's** **Effect on Missouri**

**LEARN ABOUT AGENDA 2030**, how it has been implemented in Missouri and your community and what steps you can take to stop it.

“Agenda 21 is a comprehensive plan of action to be taken globally, nationally and locally by organizations of the United Nations System, Governments, and Major Groups in every area in which human impacts on the environment.” - UN Website

Agenda 2030, once called Agenda 21, is encroaching on personal property, redefining living space, disintegrating national sovereignty, mandating radical global environmentalism, and more. We can no longer stand by and do nothing. It is time for us to join together **AND PUSH BACK**.

**Tuesday, March 22**

6:30 p.m. - 8:00 p.m.

**Municipal Court Building  
5 East Eastwood Street  
Marshall, MO 65340**

**Be sure to invite a friend!  
Women, men and teens  
are all welcome.**

**We are excited to have Amy Fox as our speaker.** Fox is an activist and local expert on Agenda 2030. She became involved when her elderly friend asked for her help to keep his home from being taken in the name of “sustainable development”. As a result, Fox quickly educated herself about the agenda behind Agenda 21. She has worked extensively on the Missouri's Ozark National Scenic Riverways to prevent loss of local control. Fox works with legislators, local leaders and city governments to bring awareness so that local citizens can push back against big government.

**Concerned Women for America of Missouri Marshall Prayer/Action Chapter**  
Chapter Leader: Deanna Sporleder | 660.815.5841 | mo.cwfa.org
