

Religious Liberty Rally

Join us as we make our stand!

Religious Freedom is under assault right here in Missouri. Anti-religious bigotry is on full display, and it is time for us to stand up for our faith. Believers have a God-given right to exercise their faith wherever they want - in church and in public.

The time has come for us to push back against the opponents of religious freedom. It is time to personally take a stand for religious freedom and tell the Missouri House of Representatives to pass Missouri's Religious Freedom Amendment, SJR39!

Government should not be able to force our pastors and priests to officiate same-sex weddings in violation of their sincere religious beliefs. Government should not be able to force small business wedding vendors like bakers and florists to participate in same sex weddings if it violates their deeply held religious beliefs. If you agree we need you to come to Jefferson City.

Spread the word! ➔ Ask your church to bus in church members to the Capitol. ➔ Arrive early or stay late to lobby your state representative. ➔ Signs will be available but feel free to bring your own.
