There is a debt that we will never be able to repay to our U.S. veterans for the many sacrifices they have made for us. Though, there is more we should, and need, to be doing for them. Many have become mentally ill and even homeless all across the country. Please join us to get informed on this important situation.

Our speaker will be Director at American GI Forum National Veterans Outreach Program Inc., Raul Casas. The goal of American GI Forum National Veterans Outreach Program, Inc. is to establish and maintain a comprehensive community Veteran Service Organization with diversified funding sources that will serve the needs of veterans, their families, and other needy individuals of the community. Casas will show us how there is hope and help for these great men and women.

If you have a family member or friend who served our great country, please be sure to bring them along.

Be sure to invite your friends and especially your pastor! If you plan to attend, please let us know by May 18.
