

Making Common Core *Uncommon* in Missouri

The status of Common Core in Missouri

Tuesday, July 12, 2016

6:00 p.m. - 8:30 p.m.
Morgan County Library
600 N. Hunter Street
Versailles, MO 65084

Where is Common Core now? Much has happened in our state legislature in the last few years for and against Common Core. Join us and find out where it is, where it still needs to be opposed, its connection to charter schools and what part you can play in making Common Core *uncommon* in Missouri. The "Every Student Succeeds Act" that Obama signed into law December 15, 2015, and its effect on Missouri schools will be covered.

We are excited to have Jill Noble as our speaker on this subject. Jill serves CWA of Missouri as the Education Coordinator. She is passionate about education as demonstrated by her 16 years of homeschooling her six children and currently teaching special education in the public school setting. Jill is a devoted follower of Jesus and considers education to be her highest calling.

Women, men, and teens are all encouraged and welcomed to attend.
