

Redeeming a Culture on the Brink

A Seminar on Restoring Biblical Purity in the Church

Since the beginning of social order, the kings of the earth have laughed (Psalm 2) and the heathen have raged (Psalm 46) at nations who relied upon God for law and order. America is no exception. Over 80 years ago, radical leaders of the sexual revolution designed and implemented a plan to rid this country of its Biblical foundations; 52 Bible-based laws that protected women, children and the institution of marriage were targeted and eliminated. The Church was one of the first institutions to be indoctrinated with this new field of human sexuality which was based on Alfred Kinsey's fraudulent "scientific" studies.
