PRESS RELEASE

Concerned Women for America of Alabama will be hosting a Constitution Rally on September 1 at Kelly Ingram Park

Birmingham AL - The purpose of the rally is to remind us of the responsibilities we have as citizens of the United States and to help us remember our civic duties as Christians.

We must take a stand; we must remember how to exercise our rights to improve our communities and make the necessary changes to provide a heritage for our families. We must preserve the truth that was built on the foundation of the principles of the Word of God. We must save our children.

We must get beyond the Democrats, the Republicans, our colors, our races, and our backgrounds. We must work together. Our children are our future. We must accept our full responsibility for them and for helping to build a strong and prosperous nation.

We must issue a call for accountability on the part of all of the people we vote into office.

We must recognize the power of our vote. It was a power which was first recognized at the founding of this nation as the hearts of the people were moved upon by God. He, and He alone, established the way out of slavery for all people; He created all men equal.

K. Carl Smith, author and authority on Fredrick Douglass, an American patriot and John Eidsmoe, author of *Christianity and the Constitution* will be the main speakers. The rally will be held September 1, 2012, from 10:00 a.m. to 2:00 p.m. at Kelly Ingram Park in Birmingham.

We can no longer close our eyes to our heritage. God gave us power through the vote to demand better government.

Concerned Women for America is a faith-based non-partisan organization and is the nation's largest public policy women's organization.
