On The Move!

CWA of Florida is on the move and active across the state. Whether it’s tracking legislation, testifying at the state capitol, alerting its members on key votes for them to pray and take action, building leadership, speaking at events, putting on events, maintaining an informative website or activating Prayer/Action Chapters, CWA of Florida is on the move and making a tremendous difference in Florida!

“Therefore lift up your prayer for the remnant that is left.” - II Kings 19:4

The mission of CWA of Florida is to find the remnant of believers. We want to recognize women and like-minded men who want to make a difference. We are in a spiritual battle that requires action, first through prayer and then by encouragement and creating new Chapters and the tools to educate and promote Biblical Values.

The local Prayer/Action Chapter are the backbone to all of CWA of Florida’s activates. Prayer/Action Chapters meet monthly across the state in homes, churches and community meeting rooms. The purpose of a Chapter is tri-fold: education, prayer and action.

Florida State Legislation

Legislation that CWA of Florida Supports:

**Choose Life License Plate** - HB 501 by Rep. Baxley and SB 196 by Sen. Fasano - The monies collected from the license plates will be distributed to deserving programs that assist pregnant women who are committed to placing their children for adoption.

**Prohibiting the public funding of abortion** - SJR 1538 by Sen. Flores and HJR 1179 by Rep. Baxley - Would amend our state constitution to prevent the use of public funds to pay for abortions or health coverage that covers abortions.

**Critical Analysis of Evolution** - SB 1854 by Sen. Wise - This bill requires that teachers in Florida teach a thorough presentation and critical analysis of the theory of evolution in the classroom along with other required classroom instruction.

**Ultrasounds Prior to Abortions** - SB 1744 by Sen. Storms and HB 1127 by Rep. Porter - This bill requires that a physician must perform an ultrasound prior to performing an abortion and review that ultrasound with the patient.

**Parental Notice of Abortions** - HB 1247 by Rep. Stargel and SB 1770 by Sen. Hays - This revises the requirement to provide notice to parents prior to performing an abortion on a minor.

**Pain-capable Unborn Child Protection Act** - HB 321 by Rep. Trujillo and SB 1948 by Sen. Storms - This bill requires doctors to determine the age of the unborn child before performing an abortion. Citing evidence that unborn children have exhibited symptoms of responding to pain after 20 weeks, it would prevent doctors from performing an abortion after this point except in rare circumstances.

**Infants Born Alive** - HB 747 by Rep. Plakon and SB 1760 by Sen. Wise - This bill would grant an infant born alive after an attempted abortion the same rights as an infant born alive in natural childbirth.

**Abortions** - HB 1397 by Rep. Burgin and SB 1748 by Sen. Flores - This bill restricts the circumstances in which an abortion may be performed after viability or the point at which the child can survive outside of the womb.

Legislation CWA of Florida Opposes:

**Internet Poker** - SB 812 by Sen. Diaz de la Portilla and HB 77 by Rep. Abruzzo - This bill allows for online poker between players in the state of Florida.

**Pari-mutuel Permit holders** - SB 1594 by Sen. Sachs and HB 1145 by Rep. Young - This bill allows greyhound race tracks to maintain their poker rooms without continuing to hold live races at their facilities.

**Legalization of Medical Marijuana** - HJR 1407 by Rep. Clemens - This would allow Florida voters to choose whether to amend Florida’s Constitution to allow for the medicinal use of cannabis or marijuana.

**Equal Rights for Men and Women** - HCR 8003 by Rep. Berman and SCR 286 by Sen. Rich - This resolution is an attempt to ratify the amendment to the U.S. Constitution for equal rights that was first proposed to the states in 1972.
