## NEWS RELEASE

### **CWA CEO and President Penny Nance Urges Support for Hobby Lobby in Light of Lawsuit vs. HHS Mandate**

*Nance: "I encourage people across the country to shop their values  
and support Hobby Lobby."*

*Washington D.C.* - Concerned Women for America (CWA) CEO and President Penny Nance issued the following statement in support of Hobby Lobby Stores, Inc., in response to their filing of a federal lawsuit challenging the Health and Human Services (HHS) mandate that requires employers to provide coverage for the morning-after pill and similar abortion drugs:

"CWA supports the owners of Hobby Lobby for taking such a bold stand for religious freedom. The HHS mandate forces business owners to turn their backs on their strong religious beliefs in order to engage in the free market; this is wrong. I encourage people across the country to shop their values and support Hobby Lobby. As we learned with the liberal boycott of Chick-fil-A, conservatives will not sit idly by and allow our freedom of speech or religion to be taken away."
