

Concerned Women for America of Iowa encourages

National Day of Fasting, Repentance & Prayer

We at CWA of Iowa are working for a
National Day of Fasting, Repentance and Prayer for America
on Thursday, November 19 - one week before Thanksgiving.

The Thursday before we feast, let's fast and prepare our hearts.
Before we get caught up in the season of busyness,
let us be grateful and prepare for Advent.

Elections are over; let us turn partisan prayers into prayers of personal repentance.
When we ask for God's mercy for our country,
let us ask His forgiveness for our sins as individuals.

It is time to stop pointing fingers and start bending our knees.

We would like to see each sitting U.S. President and Congress commit
and proclaim a National Day of Fasting, Repentance and Prayer
following in the steps of Washington and other Presidents.

Mark your calendar; spread the word.

*If My people who are called by My name will humble themselves,
and pray and seek My face, and turn from their wicked ways,
then I will hear from heaven, and will forgive their sin and heal their land.*

II Chronicles 7:14

Join with us as we repent and seek God on behalf of our nation.
