

FROM THE DESK OF DRS. TIM & BEVERLY LAHAYE

Dear Pastor,

America and our Judeo Christian heritage are under attack by a force that is more destructive than any threat America has faced since Adolph Hitler in 1934. Defeating the radical jihadists will require renewed resolve and spiritual rearmament by the evangelical pastors in America.

The Colorado Renewal Project's goal is to ignite people of faith to again engage the culture and bring America back to our standing around the world as a Beacon of Hope and a Shining City on a Hill.

Because God has entrusted you to care for His flock, you are a critical component to reclaiming the centrality of God in American life and confronting the evil that faces us now.

We hope you will join us for this critical event and look forward to seeing you in Denver.

May God be with us as we stand up for righteousness,

*Tim and Beverly LaHaye*
