

## Concerned Women for America of Missouri

invites you to join us as we discover the Founders' original success formula for freedom and how to honor and implement it for the good of our state and nation.

# THE MAKING OF AMERICA

## SEMINARS

When good people come together in the spirit of learning--people who sense that something is terribly amiss in America and seeking to know if there are better answers--a sense of peace and hope pervades the room as the story of the Founders' message is unfolded to them.

### Outstanding Speaker Dr. Earl Taylor,

President of National Center for Constitutional Studies ([www.nccs.net](http://www.nccs.net)), will make this educational and inspirational presentation on the founding of this unique land called the United States of America.

**ACT ON THE FACTS:** Once encouraged and armed with an understanding of our country's beginnings, we will give you the tools needed to carry out the founding fathers' vision for freedom through **She Votes 2012**, a get out the vote project of Concerned Women for America.

**She Votes 2012** inspires, trains and activates conservative voters to impact elections across the country. With only half of the Christians in the United States currently registered to vote and even less actually voting, we have an incredible opportunity in the next election to turn the tide as we influence the conservative base to **get out the vote!** Please join us!

A Get Out the Vote Project of Concerned Women for America.

Registration is only \$5 which includes all seminar materials.

Make plans now to attend and invite a friend and your pastor.
