Dear Senator Brown:

You co-sponsored The Freedom of Choice Act, S1173, which if passed is extreme and would limit good and healthy choices, steal freedoms, and cause death to innocent babies

The Freedom of Choice Act

- Takes away a woman's right to obtain all of the facts regarding abortions so she can make an educated, knowledgeable, and healthy choice.
 - No info on possible complications
 - No access to ultrasound for the baby
- Overturns the Partial Birth Abortion Ban
 - Inhumane treatment of the baby
 - Harmful to the mother
 - Even some pro choice supporters will NOT Support!
- Steals the right of parents to protect their children from harm
 - No notification to parents or consent to an abortion for a minor
- Takes away Religious liberties.
 - Forces doctors and or hospitals to perform an abortion even if it were against religious or ethical beliefs
- Forces Tax payers to fund

Mr. Senator, **ISTRONGLY URGE** you to change your position on S1173. This bill is extreme and does not give women a real choice. To the contrary, it would limit good healthy choices and threaten the health, wellness, and freedoms of "We the People"

Sincerely,
