

History of Common Core In Iowa

2005 Legislature passed a bill for State Department of Education to work with schools to develop voluntary Iowa Core State Standards for 9th - 12th grade Math, English Language Arts, and Science.

2007 Legislature expanded Iowa Core to K - 8th grades with additional subjects of Social Studies and 21st Century Learning Skills.

2008 Iowa Core became mandatory.

2010 State Board of Education integrated Common Core English Language Arts and Math into Iowa Core.

2013 Legislators asked Department of Education to form a task force evaluating Iowa Assessments.

Future Next Generation Science Standards is expected to be adopted by Board of Education.

Let Your Voice Be Heard!

Contact your State Representative and State Senator at legis.iowa.gov/Legislators/find.aspx. Ask them to

- ◆ Remove Common Core from Iowa schools and return local control.
- ◆ Pass legislation protecting student privacy prohibiting non-academic data collection and disallow sharing information with government or non-government agencies.
- ◆ Maintain Iowa-produced assessment tools.
- ◆ Require that an analysis be done of what it would cost to fully implement Common Core for hardworking Iowa taxpayers.

Contact your State Board of Education members at educateiowa.gov/iowa-state-board-education-members. Let them know that you

- ◆ Disapprove of their decision to integrate Common Core into the Iowa Core in 2010.
- ◆ Would like for them to vote against Next Generation Science Standards.

Contact Governor Branstad at governor.iowa.gov or 515-282-5211.

- ◆ Thank him for Executive Order 83 ensuring local control.
- ◆ Ask him to work with the legislature to remove Common Core from Iowa Code.

Contact your U.S. Congressman and Senators at usa.gov/Contact/Elected.shtml.

- ◆ Ask them to stop this federal takeover of education.
- ◆ Ask them to stop funding programs that intrude on state autonomy.
- ◆ Thank Sen. Grassley specifically for his work in defunding Common Core.
