

Texas Sex Trafficking Obliteration Project

A Global Problem in our Own Backyard

Human trafficking is a multi-billion dollar industry.

“Little did I know that the person who promised me the American dream was a monster who sold humans...”

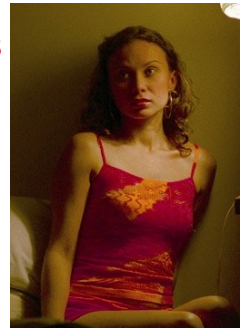

Human trafficking is a supply and demand issue. No demand no need for a supply.

Did You Know...

- Human Trafficking is now recognized as the second largest criminal industry in the world?
- Houston is recognized as a main hub for traffickers?
- 25 percent of all human trafficking victims are in Texas?
- The average age of entry into prostitution is 12-14?
