Liberty First 2015 Tour

with Constitutional Attorney *Kristianne Hall*

Should Christians be active in government?
How did we go from being subjects of a king to free men in a republic?
What is the real NOW solution to federal overreach?

KrisAnne Hall teaches the history of religious liberty in America that isn't being taught anywhere else. As a pastor's wife, KrisAnne speaks with authority regarding the Christian's Biblical obligation to defend liberty. She teaches the history that is essential to understanding our Constitutional Republic. This history has not been taught for decades but is essential to the preservation of liberty for future generations. No opinions. No politics. Just historical facts. Hall gives real time solutions that We, The People need to correct this out-of-control federal government.
