

ABORTION ISN'T A RESEARCH PROJECT, IT'S A TRAGEDY

THE UNIVERSITY OF HAWAII IS CURRENTLY DOING RESEARCH ON A DRUG TO STOP BLEEDING AFTER ABORTION AND THEY ARE RECRUITING GIRLS AS YOUNG AS 14-YEAR-OLD TO PARTICIPATE. THE PREBORN BABY MUST BE BETWEEN 18-24 WEEKS OLD AND HAVE A FETAL ANOMALY. ABORTION ISN'T A RESEARCH PROJECT, IT'S A TRAGEDY. BABIES WHO ARE IMPERFECT ARE BEING TARGETED. WOMEN ARE BEING HARMED. AND IT'S ALL BEING DONE IN THE NAME OF RESEARCH.

PLEASE JOIN US AS WE RALLY AGAINST THIS HORRIFIC "RESEARCH PROJECT" AND DRAW ATTENTION TO WHAT'S HAPPENING BEHIND CLOSED DOORS AT THE UNIVERSITY OF HAWAII.

When: Thursday, May 7 at 3:30pm-4:15pm

Where: Campus Courtyard at the University of Hawaii Manoa

Speakers: *Lisa Atkins*, Students For Life; *Jason Jones*, Movie To Movement; *Kelly Stauffer*, Silent No More; *Eunice MacDonald*, Silent No More; *Gloria Haynes*, A Place For Women; and more...
