# Liberty in Law Dinner

Featuring Constitutional Attorney *KrisAnne Hall*

Today Religious Liberty is under assault in America on a scale not seen in over 200 years. The truth is that the expansion of liberty throughout our history has almost always been fought within a religious liberty context. KrisAnne shares the history that gave us the declarations we find in the First Amendment and shows why a right understanding of these principles is vital to not only keeping religious liberty from being destroyed by its adversaries but also by its misguided advocates. This presentation will both equip and challenge you.

**Tuesday, January 12, 2016**

6:00 p.m.

Missouri Baptist Building  
400 E High Street  
Jefferson City, MO 65101
