120	Adam Smith	<p><i>Q5.</i> Cannot answer this one definitively without truly understanding the "program". I support parent's choice and reasonable, fair tax credits, but I can't just say "Yes" to all programs without more details. <i>Q8.</i> It's their job when there is a lawsuit! Someone has to define "adequate and equitable" funding. The court is tasked with providing a quantative interpretation of the qualited language in Article 6 section 6b of the Kansas Constitution. Personally, I wish all three branches of the state government could work out a compromise and put this issue to an end.</p>
