Forgiven *and Set Free*

Versy Wies will be our speaker this month. Mrs. Wies will explain Post-Abortion Stress syndrome or P.A.S.S. The most natural thing in the world is for a woman to bear children. Unfortunately, when a pregnancy occurs in an adverse circumstance, a woman may choose to abort. When abortion occurs, no matter the reason, a woman may feel she has no right to grieve the loss. Latent grief does not go away. It goes underground, affecting every area of her life.

Versy has an amazing testimony to share. She will also explain the eight week study of post-abortive behavior, "Forgiven and Set Free." This study uses the Bible, prayer, and confidential weekly meetings to help a woman find forgiveness in God and work through the other issues associated with P.A.S.S.

Since 2009, Versy Wies has been a volunteer peer-facilitator of "Forgiven and Set Free." Prior to that, she had been a Client Advocate at Thrive STL (Pregnancy Center) since 2004. She meets with women who need help at Thrive in St. Peters.
