HUMAN RIGHTS **PRAYER RALLY** **and CELEBRATION**

YOU ARE INVITED TO A POWERFUL TIME OF PRAYER ON BEHALF OF MINORITY BABIES BEING THREATENED BY ABORTION, FOLLOWED BY A CELEBRATION OF LIFE

HOSTED BY CONCERNED WOMEN FOR AMERICA OF GEORGIA

One hundred years ago, Planned Parenthood was founded by Margaret Sanger, a passionate eugenicist who believed that only the fit deserved to live. Margaret Sanger's dream was to sterilize the disabled, the poor, and minorities. Sanger's dream has become one of America's worst human rights crises. Statistics show that 55.4 percent of abortions are performed on black or Hispanic mothers and 60 percent of abortion patients are millennials.
