HUMAN RIGHTS PRAYER RALLY

YOU ARE INVITED TO A POWERFUL TIME OF PRAYER ON BEHALF OF MINORITY BABIES BEING THREATENED BY ABORTION.

HOSTED BY CONCERNED WOMEN FOR AMERICA OF NORTH DAKOTA

One hundred years ago, Planned Parenthood was founded by Margaret Sanger, a passionate eugenicist who believed that only the fit deserved to live. Margaret Sanger's dream was to sterilize the disabled, the poor, and minorities. Sanger's dream has become one of America's worst human rights crises. Statistics show that 55.4 percent of abortions are performed on black or Hispanic mothers and 60 percent of abortion patients are millennials.

We are uniting in Prayer to say #100NoMore.

The half-a-billion dollars given to Planned Parenthood each year by the federal government should be shifted to support the 13,000 Federally Qualified Health Centers that provide care to women and families across the country.

KEYNOTE: ALVEDA KING
Founder of Alveda King Ministries and niece of Dr. Martin Luther King, Jr.

TWO WOMEN from the area will speak about their personal experience with abortion. One from Silent No More and the other Rachel's Vineyard.
