

FEISTY & *Feminine*

A rallying cry for conservative women

Concerned Women for America of South Carolina

Feisty & Feminine workshops are to help encourage women to stand up, be heard and make a difference in our culture. Speaking out against the left's narrative and keeping our femininity intact is precisely what is needed to ensure we are not intimidated by those whose values are clearly destructive to women and our country. We need to learn to speak up with authority and engage a culture desperate for a redemptive message.

We cannot allow the left to define what a conservative woman is. Our views are not welcome in the media and we need to change the narrative. We are up against a heavily funded agenda that knows no boundaries. These workshops will teach women and men how to engage our culture intellectually without being disrespectful. When we speak fact based instead of emotionally charged, we win.

What does it mean to be *Feisty*? Knowing your beliefs and speak up when it is uncomfortable to do so.

What does it mean to be *Feminine*? Knowing how God made us and being proud of it. Our Feisty and Feminine workshops will embrace our God-given femininity, intertwined with a little feisty, to deliver a message of strength and redemption. We must not allow ourselves to be marginalized any longer because of our beliefs or values. God has gifted each of us with unique talents, ideas and passions, and it is our duty to be empowered and deliver a message that combats the destructive message from the left.

Together, our voice will be one of courage and purpose. We will serve future generations both by the difference we will make and the example we set by standing courageously for ideals in which we believe. We want to inspire other women, whom we believe have been given a tremendous amount of influence, to greatness, and to empower them to become a voice for conservative women.

The workshop may include some of the following topics:

1. Feminine Conservatives
2. The Devaluation of Women
3. Sexual Assault and Politics
4. Marriage and True Tolerance
5. Abortion and the Sanctity of Life
6. The Real War against Women
7. The Rise of Islamic Extremism and the Need to Fight Back
8. Beyond Our Borders (Why Israel Matters to Christians)
9. Women in the Workplace
10. Debunking the Wage Gap
11. Seasons of Family
12. Equipping the Next Generation

Attendees will receive a free book with a new member registration to CWA. The book offers tools to help women speak intellectually to friends and family about hot topics of the day. Each workshop will last two hours.
