

Cultivating the Capitol Grounds

Georgia State Capitol Virtual Prayer Walk

Join believers across Georgia who are uniting in prayer to “plow” the ground at the Georgia State Capitol to prepare our state for a “harvest” for Christ. Our hope is to invite Christ to establish His Kingdom here in Georgia. One key aspect of this “rebuilding” is the passing of legislation that is in alignment with God’s moral law, including Religious Freedom Restoration legislation.

A Virtual Prayer Walk has been created to make it easier for you be a part of the “plowing” and to pray more effectively for our state leaders and legislators. Thanks to technology, you can virtually visit selected areas on the Georgia Capitol grounds that are determined to have great spiritual warfare.

We invite you to download the prayer points and watch the short video for each stop.
