Who is Concerned Women for America? Concerned Women for America (CWA) is the nation's largest public policy women's organization with a rich history of helping our members across the country bring Biblical principles into all levels of public policy. There is a cultural battle raging across this country, and CWA is on the frontline protecting those values through prayer and action.

We focus on seven core issues: the family, the sanctity of human life, religious liberty, education, sexual exploitation, national sovereignty, and support for Israel.

Concerned Women for America of Kansas

We have been called for such a time as this. As conservative women, we must know our message; we must learn the issues and share our beliefs. Join us as together we learn to be an Esther in today's culture.

Speaking out against the left's narrative and keeping our femininity intact is precisely what is needed to ensure we are not intimidated by those whose values are clearly destructive to women, our families and our country. We need to learn to speak up with authority and engage a culture desperate for a redemptive message.

We cannot allow the left to define what a conservative woman is. Our views are not welcome in the media, and we need to change the narrative. These workshops will teach women how to engage our culture intellectually without being disrespectful. When we speak fact-based instead of emotionally charged, we win.

Stand up, be heard and make a difference in our culture.

Our Feisty & Feminine workshops will embrace our God-given femininity, intertwined with a little feisty, to deliver a message of strength and redemption.

What does it mean to be Feisty? Knowing your beliefs and speaking up when it is uncomfortable to do so.

What does it mean to be Feminine? Knowing how God made us and being proud of it.

Impacting future generations. It is imperative, as Christian women, that we share this message with our young daughters and friends. If we do not, who will? We will serve future generations both by the difference we will make and the example we set by standing courageously for Scriptural principles.

The workshop is based on the book *Feisty & Feminine* by Penny Nance, CEO and President of Concerned Women for America.

“We must not allow ourselves to be marginalized any longer because of our beliefs or values. God has gifted each of us with unique talents, ideas and passions, and it is our duty to be empowered and deliver a message that combats the destructive leftist message.”

Workshop topics may include: The Devaluation of Women, Marriage and True Tolerance, Abortion and the Sanctity of Life, Debunking the Wage Gap, Beyond Our Borders (Why Israel Matters to Christians) Seasons of Family, Equipping the Next Generation, and more.
