The Honorable  
United States Senate  
Washington, D.C. 20510

Dear Senator:

On behalf of Concerned Women for America and the hundreds of thousands of supporters we represent, we ask you to confirm Mike Pompeo as the next United States Secretary of State.

Mike Pompeo is a vastly experienced and fearless leader who will support President Trump's agenda abroad to fight for life and family values, international religious freedom, and bring pragmatic yet firm and decisive leadership to U.S. foreign relations, such as our pressing political and economic challenges with North Korea, Iran, Russia, and China.

At this time, strong leadership is urgently needed to counteract Obama's legacy of radical social policy and programming overseas, create a Department of State reflective of the current administration, and rebuild a positive international image of the United States of America. As an Army veteran and President Trump's pick for Director of the CIA, Mike Pompeo has shown collaborative but strong and capable leadership, gaining the trust of those he leads and facing threats to U.S. interests with decisive action. As a congressman from Kansas, Pompeo's voting record shows he supports family and life, will implement Trump's extension of the Mexico City Policy, and will stand for family and marriage values around the world.

In the interest of U.S. international relations and national security, we urge you to swiftly confirm Mike Pompeo as Secretary of State.

Sincerely,

Penny Young Nance  
CEO and President  
Concerned Women for America Legislative Action Committee
