

GETTING TO THE ROOT OF THE PROBLEM

How to counter graphic sex education

In February 2018, Texas became the first state to pull several pro-family, pro-life organizational leaders together to collectively strategize how to counter the graphic sex education programs in the schools; they are now called "Protect Texas Children." Audrey Werner was asked to set the tone for this event. She presented, "Getting to the Root of the Problem," which not only gave the history of sex education and even how the churches have contributed to the moral decline in America, she offered up hope that sex education can be defeated.

Recently a resolution, which calls for the elimination of all sex education in the public, charter, and private schools, was passed at the Republican Convention in Texas; the first step in removing harmful materials being presented to children in the name of sex education.

Audrey Werner RN, B.S.N., M.A., is a sex education expert. She is the author of 10 Tips on How NOT to Talk to Your Kids about Sex. Dean of Life Issues at Master's International University of Divinity, and former STD (Sexually Transmitted Disease) Clinic nurse.

Audrey will lay out where sex education originated, its current dangers, and **show you how collectively you can defeat sex education.**

RAISING PURE KIDS IN A SEXUALIZED SOCIETY

How to confidently train your children

Everywhere our children turn, they are faced with sexual messaging from sources who do not promote healthy, Christian values.

Provocative headlines such as Library has "Pole Dancer Speak to Kids about Sex", "Gender Ideology Harms Children", and "Drag Queen Dances at Talent Show for Elementary School Children" flow through the media every day.

Representatives from Planned Parenthood, the LGBTQ community, and the pornography industry would like to teach your children about sex in the school system and even in the home.

So how do we protect our kids and equip them to live pure lives? Join us and learn how to implement Biblical principles of purity into your children's lives!

Audrey's message will restore your confidence and show you **how you can raise pure kids despite the sexualized society in which we live.**

Friday, July 13, 2018 | 1:30 p.m. to 4:30 p.m. | Midtown Carnegie Library
397 E. Central Street, Springfield, MO 65802
