

CONNECTING THE DOTS from the Bride Wore White to Fifty Shades of Gray

The United States has gone from a culture where 5% of babies were born to single mothers to where now 40% of babies are born to single mothers. Forty percent of men attending church on Sunday admit to having accessed pornography the previous week. The average age of first exposure to pornography is 11 years old. There is a growing epidemic of child-on-child sex abuse. How did we go from chastity to condoms in one generation? How did we get from “the bride wore white” to “fifty shades of grey”? We will discuss the consequences of the sexual revolution and how to reverse the effects.

While we were busy in our churches doing good things, the enemy was at our state capitols wreaking havoc on sexual morality and marriage through the revision of statutes and public policy. The pornography crisis (it’s not your grandfather’s *Playboy* magazine), the STD crisis, gender confusion — it’s all evidence that something is wrong. The new epidemic of child-on-child sex abuse begs the response — **NOW IS THE TIME TO STOP THIS "ANYTHING GOES" SEXUALITY!**

CWA of Missouri’s new presentation will connect the dots between Alfred Kinsey and this sex-saturated

culture in which we now live. Most people believe the sexual revolution just happened, that times changed. We show how the laws were changed and THEN the people’s behavior changed. The law sets the standard. The law is the teacher. Once we see the path and reason why America was brought to this point of sexual immorality and breakdown of the family, we can plan a course back to God’s plan for sexuality and true freedom.

Please come join us and be part of the way back to sexual sanity. “Stand beside the roads and watch. Ask for the ancient paths, where the good way is. Walk in it and find rest for yourselves.” -Jeremiah 6:16
