

Concerned Women for America of Missouri is Excited to Host its Fourth Annual

Liberty in Law Dinner

Religious liberty is under attack every day in our country. Bill Federer authored the book *Backfired - A Nation Founded for Religious Tolerance No Longer Tolerates the Religion of Its Founders*. In his book, Bill shows how the faith that gave birth to tolerance is no longer tolerated!

James Madison's first draft of the First Amendment read: "The civil rights of none shall be abridged on account of religious belief or worship, nor shall any national religion be established, nor shall the full and equal rights of conscience be in any manner, or on any pretext, infringed."

How did America go from Pilgrims seeking freedom to express their Judeo-Christian beliefs to today's discrimination against those very beliefs in the name of tolerance? **Join us to find out, as well as how to make our way back!**

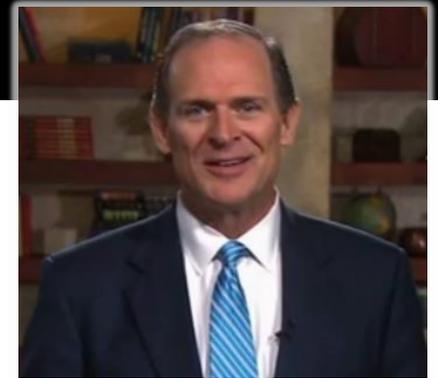

Wednesday, January 23, 2019 6:30 to 8:30 p.m.

**Missouri Baptist Convention Building
