

THE DEEP STATE COMMUNISM IS NOT DEAD

The State Tour:

America of Missouri

When former Idaho State Rep. Curtis Bowers wrote a letter to the editor about the drastic changes in America's culture, it became the feature story on the evening news, people protested at the state capitol, and for weeks the local newspapers were filled with responses. He realized then he'd hit on something, **communism**. Bowers will show how the ideas behind it are alive and well here in the U.S.

Curtis Bowers hit the road in 2010 with his film AGENDA which became one of the best-selling independent documentaries of all time. Grassroots America finally had a tool to connect the dots. As Bowers continued to travel the country, he found that people were overwhelmed by the seeming myriad of issues they were facing. From the promotion of Islam to the propaganda of climate change, from the deceit of Common Core to the manufactured economic crisis, from the manipulation of the Evangelical church to the unsustainable debt burden, it seemed as if America had a hundred different enemies with a hundred different agendas. But Bowers knew from his research that this wasn't the case. To show how this was not the case, AGENDA 2, Masters of Deceit was created.

Join Curtis Bowers as he travels the state again to expose the people and groups who have successfully targeted America's morality and freedom in their effort to grind America down. Through his presentation, video clips from his documentaries, and discussion, Bowers will expose their purposeful, premeditated, and treasonous attacks on our freedom.

Don't miss out on this opportunity to meet and learn from Curtis Bowers in person!

Attend the event closest to you. Women, men, and teens are all welcome.
