One of this country's premier investigative reporters, Alex Newman, contributing editor and foreign correspondent for *The New American*, is traveling the country with his presentation *Rescuing Our Children*. We will be showing a DVD of that presentation.

There is a reason the Deep State globalists sound so confident about the success of their agenda – they have a secret weapon: More than 85 percent of American children are being indoctrinated by radicalized government schools. In this explosive presentation, Alex Newman exposes the insanity that has taken over the public school system. From the sexualization of children and the reshaping of values to deliberate dumbing down, Alex shows how dangerous this threat is – not just to our children, but also to the future of faith, family, and freedom – and what every American can do about it.

Hatred of America, America's Founding Fathers, and traditional American heroes; boys in girls' bathrooms, and vice versa; "drag queens" in demonic getup reading storybooks to pre-schoolers and elementary school kids; compulsory LGBTQ indoctrination; brainwashing in global warming hysteria; programming in global citizenship; mandatory Islamic studies and prayers to Allah. Increasingly, this is the reality of what passes for "education" in the government school system across America.

Author Alex Newman has embarked on a heroic effort to tackle this existential threat to faith, family, and freedom in *Rescuing Our Children*.
