Vehicle Make

I have enclosed a *copy* of my vehicle registration. (Though this is not mandatory, the Kansas Department of Revenue has remarked that having a copy would expediate the processing.)

Please fill out a registration form and check for each vehicle you are registering. This payment is not tax-deductible. Make check(s) out to "Concerned Women for America," write "KS Choose Life Plates" on the memo line, and send to CWA of Kansas, P.O. Box 8331, Topeka, KS 66608

Once payment is received a receipt from CWA of Kansas will be emailed to you. And once the KDOR receives your payment you will receive a *certificate of no charge* from them in the mail.

[Christians for Life and CWA of Kansas have been authorized by the KDOR to collect \$40 per license plate within Kansas.]

History

In 2002 the Kansas state legislature approved the **Choose LIFE** license plate. Unfortunately, the governor at the time, Bill Graves, vetoed the bill. Years of hard work by pro-life individuals and organizations was stalled.

Fast forward to February of 2018. Rep. Trevor Jacobs (R-District 4) was asked by a constituent if the state had **Choose LIFE** license plates. Rep. Jacobs immediately researched the situation to find that Kansas did not have such plates. Without delay he introduced in the House Transportation Committee, HB 2678, that would make **Choose LIFE** license plates available for purchase in Kansas. He then asked Sen. Richard Hilderbrand (R-District 13) to introduce a companion bill in the Senate, in which he graciously obliged.

HB 2678 was then combined with other groups wanting specialty plates, it passed both the House and Senate and was signed into law July 1, 2018 by Governor Coyer.

Looking back, we give thanks to God for inspiring Rep. Jacobs at the time in which He did. Any later and it more than likely would not have been signed into law by today's governor.

To date 33 states have now passed pro-life license plate legislation—Kansas is proudly included.

The Plate Challenge

The Kansas Department of Revenue (KDOR) requires that at least 1,000 plates be sold for \$40 each before the plates can go into production. Be one of the first 1,000 to obtain a **Choose LIFE** license plate! Order now—deadline ends soon.

Christians for Life, Inc. and Concerned Women for America of Kansas are sharing the responsibility of collecting names and payments from persons who want the plates. When at least 1,000 plates are sold, the information and payments will be turned over to the KDOR. Then KDOR will in turn issue all individuals a *certificate of no charge* that can be used to purchase the plates in their county. The plates will then be made permanently available along with all the other issue-specific plates Kansas has to offer.

“I asked my then 10 year old daughter to make a design that would incorporate a message of life that would also represent Kansas. She designed the picture with our state flower, the sunflower, a little heart, and two little feet.

“When we think of this phrase “choose life” sometimes our thoughts automatically go to the abortion debate. But this phrase is simply just that, ‘choose life.’ In a world that is bent on death and destruction, what is the alternative?”

“So many people are looking for hope, they're looking for a flicker of light, they may be even looking for a simple two-word phrase that says ‘choose life.’

“Let us get this valuable message of purpose out into the public eye. In a quiet way let us clearly declare that there is hope in life if we choose to live it to its fullest, richest potential.”

- Rep. Trevor Jacobs
