CWALAC Endorses Amy Phan West for U.S. House of Representatives for the 47th District of California

Washington, D.C. -- [Concerned Women for America Legislative Action Committee](#) (CWALAC), the nation's largest public policy women's organization, has endorsed [Amy Phan West](#) for U.S. House of Representatives for the 47th District of California.

[Penny Nance](#), CEO and President of CWALAC, said:

"The 2020 election will be a defining moment in American history at the pinnacle of intense political division. The choice before voters is clear: support the bedrock freedoms of our Constitution and conservative values that make America great or threaten our future with a bankrupt leftist agenda that undermines religious freedom, denies life, erases female dignity, and embraces government socialism that will lead to economic and social collapse.

"Conservative women will not concede the fundamental values that strengthen families and promote individual flourishing to the left's destructive agenda. That is why Concerned Women for America Legislative Action Committee is proud today to endorse Amy Phan West for U.S. House of Representatives for the 47th District of California.

"Amy Phan West understands first-hand the American dream having escaped communist Vietnam as a young girl to thrive in our country. As a small business owner and community leader, Amy will bring her passion for life and American freedom to Congress and fight against the socialist liberal agenda that oppresses liberty and individual opportunity.

"Our members are honored to stand with Amy Phan West in this election, confident that she will stand up for conservative values and American families with courage and integrity."

###

Concerned Women for America Legislative Action Committee (CWALAC) is the legislation and advocacy arm of Concerned Women for America. Concerned Women for America is the nation's largest public policy women's organization with a rich 40-year history of helping our members across the country bring Biblical principles into all levels of public policy.
