Make a Difference in Missouri!

There are many types of opportunities for involvement with CWA of Missouri.

Defend the unborn. There are a variety of ways to make your voice heard on behalf of the unborn such as participation in the annual Life Chain, being a prayerful presence on the sidewalk in front of the local Planned Parenthood office, participate or organize a 40 Days for Life event in your area, host a baby shower for your local Crisis Pregnancy Center, and more. Contact Gina Allen to find out how you can take the next step to protect the unborn of Missouri.

Be part of our Encourage-A-Legislator Program. The goal of the Encourage-A-Legislator (EAL) program is to encourage each member of the Missouri General Assembly, as well as state-wide office holders, by praying for them on a regular basis and sending them a postcard every week throughout the legislative session. [Click here](#) to view our EAL brochure and then contact Ginger Yoak to sign up to be an Encourager.

Start a Prayer/Action Chapter. A Prayer/Action Chapter is a group of people who meet, usually, once a month, to pray, learn and take action regarding issues that fall under CWA's [Seven Core Issues](#). Contact Bev Ehlen to find out if there is a Prayer/Action Chapter in your area or how to start one.

Host a CWA educational event. Which one of our [Seven Core Issues](#) concerns you the most? Let us know, and we will work with you to hold an educational event in your area on that issue.

Host a meeting on Agenda 2030 and how it threatens our National Sovereignty. Are you interested in the issue of national sovereignty, Agenda 2030, private property rights, and what it all means to those of us who live in Missouri? Consider hosting an event and asking Amy Fox to speak about this topic at your church, in your home or another venue. Mrs. Fox discovered her community was being influenced by proponents of Agenda 2030 (known then as Agenda 21) and thus began her years-long research and presentations on Agenda 2030. Amy works with local leaders, legislators, city governments, and citizens to enable them to push back against globalist influence and control.
