**Concerned Women for America Legislative Action Committee  
Endorses Timothy Faber for State Representative District 58**

Laurie, Missouri — Concerned Women for America Legislative Action Committee (CWALAC) has announced its endorsement of Timothy Faber in the 2020 State Representative race for the 58th District.

In making the announcement, CWALAC cited Faber's pro-life, pro-family stance, and his past private work as pastor, teaching the members of his congregation the truth of the Gospel and teaching them to be good citizens, to vote, to be involved, to participate in our republican form of government.

We are confident that Faber will support the issues important to Missourians, such as the sanctity of life, education reform, parents' rights, limited government, lower taxes, and property rights as well as oppose issues that harm families. CWALAC acknowledges that much of Faber's ability to be effective for all Missourians is his understanding of our Founding Fathers' intent when using timeless principles to draft our U.S. Constitution and form our republic. Timothy Faber is truly a constitutional conservative and understands the proper role of civil government.

According to CWALAC, Timothy Faber knows the importance of strong marriages and families. He and his wife, Teresa, have been married for 33 years. They have four adult children and four grandchildren.

"Timothy Faber's moral virtue and his basic understanding of the founding documents of our country and the principles on which they are based give him a strong foundation for representing his constituents in Jefferson City," said Bev Ehlen, Missouri State Director for Concerned Women for America. "We are confident that Timothy Faber will effectively defend and strengthen Missouri families. I am confident in his ability to discern the proper role of civil government and his ability to make the right decisions because of his Biblical worldview.

"Faber will defend the God-given rights of both the born and the unborn guaranteed in our Constitution, and to work to ensure that future generations get to enjoy the blessings God has poured out on our country. Rather than having the government try to run our lives, Faber believes each of us should be empowered to enjoy our rights of life, liberty, and the pursuit of happiness.

"Timothy Faber has been an asset to his community. We believe he will serve and represent the 58th State Representative District with sincerity, honesty, and integrity," Ehlen concluded. "It is our pleasure to join with others to endorse his candidacy."
