

David Barton America's Historian

Are you concerned about what we see happening around our country – the social unrest, tearing down of statues, the increased efforts to rewrite America's history?

At this critical time in our nation's history, we invite you to hear David Barton who has been named "America's Historian" and who has a personal collection of tens of thousands of American historical documents! David will share the historical perspective of our freedoms and the role God had in creating our great nation. David will also talk on the cultural clash happening in America and how we as Christians can respond in love to the world around us.

David is the author of numerous best-selling books, addresses well over 400 groups each year, and *Time* magazine called him "a hero to millions." *Time* magazine named David one America's 25 most influential evangelicals.

Women, men, and teens are welcome and encouraged to attend!

**Saturday,
October 3**

7:00 p.m. - 8:30 p.m.
