

UNDERSTANDING WHO HAS AN ABORTION

There are approximately 926,000 abortions performed each year in the United States.

65% of the abortions performed in the United States occur at seven weeks or more in the pregnancy.

1 in 5 pregnancies in the United States end in abortion.

As we seek strategy for the continuing fights, it's important to identify who has abortions. Who are the women we need to reach with the message that the unborn child's life is valuable?
