**Concerned Women for America
Legislative Action Committee is Proud to Endorse
Wayne Christian for Texas Railroad Commissioner**

Rockwall, TX - Concerned Women for America Legislative Action Committee (CWALAC) has announced its endorsement of Wayne Christian for the position of Railroad Commissioner. Mr. Christian served in the Texas House of Representatives and, during the last seven years, he has served as Railroad Commissioner. Throughout his years of service to the great state of Texas, we have appreciated his strong stand for the values of CWALAC.

Commissioner Christian's adherence to the conservative principles of financial responsibility in managing the state's regulation of Texas Oil production, a \$7 trillion energy industry, has been performed with ingenuity and integrity.

His strong leadership in the face of the unparalleled weather abnormalities of 2021 consoled distraught citizens. Even though Texas leads the nation in wind-powered generation, it became obvious that other energy sources, regulated by the Railroad Commission, are truly reliable energy sources.

Commission Christian's straightforward appeal to Texas voters is a sharp contrast to the obscene tactics of his opponent and better represents Texans in this culture of degenerating standards. We are hopeful that in the coming days, Commissioner Christian will be returned to that position of leadership in our great state of Texas.
