

Target script

*Walk into your local Target and ask to speak to a manager. Please approach in a peaceful and calm manner, showing respect and kindness.

“Thank you for taking the time to speak with me today. My name is xxx, and I have been shopping at this location for xxx years. I wanted to just let you know that after Target’s recent decision to fund abortion travel for employees, I have decided that I will be taking my business elsewhere.

Target has sent the wrong message to women, that you will support the women who choose to end a human life while telling those who choose life that they are not capable of raising a child and being successful in the workplace.

If your corporation truly cared about your female employees, you would instead fund programs that benefit both the mother and child like crisis pregnancy centers and adoption agencies. Until Target halts funding for all abortion services, I will no longer be shopping at this store and will encourage others to do the same.”

Thank you for your time
