## Promise to American Women

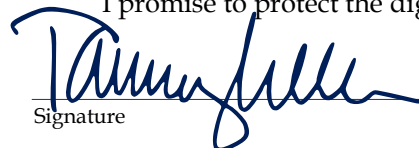

As \_\_\_\_\_ Governor of North Dakota \_\_\_\_\_, I promise to uphold the truth  
(Office Being Sought)  
that women are exclusively female. Only women can be pregnant and bear children. Only  
women can be mothers.

Under my leadership, the status and dignity of women and girls will not be  
compromised.

That sex is binary is a scientific reality, and I will direct all efforts to upholding this fact.  
A persons' claim of "gender identity" does not overrule their sex.

I will focus on affirming sex-based distinctions that protect women in every area, such  
as shelters, prisons, housing, healthcare, defense, education, and sports.

I promise to protect the dignity of women and motherhood in all circumstances.
