

Missouri Amendment 3

The Right to Reproductive Freedom Initiative

On November 5, 2024, Missouri citizens will be voting on Amendment 3 entitled Constitutional Amendment to Article I, Relating to Reproductive Health Care, version 10, known as “The Right to Reproductive Freedom Initiative”.

Amendment 3, if enacted, would eliminate more than 50 Missouri laws such as partial birth abortion bans, parental consent, health and safety standards for abortion clinics, and a requirement for abortion clinics to show a mother her baby’s ultrasound image.

It would establish a right to make decisions about reproductive health care, including abortion and contraceptives, without governmental interference, eliminating state and local government officials from establishing and enforcing reasonable regulations.

Missouri Amendment 3

YES vs NO

- A **“YES” vote will** enshrine the right to abortion at any time within a pregnancy, prohibit any regulation on abortion including regulations designed to protect women undergoing abortions, and prohibit any civil or criminal recourse against anyone who performs an abortion and hurts or kills a pregnant woman.
- A **“NO” vote will** oppose a change to the Missouri constitution and continue the statutory prohibition of abortion in Missouri.
